About the course

This course is designed for people who are already working within the Plumbing Industry.

During the day you will study the Water Regulations (England and Wales), issues associated with water contamination, misuse and wastage, and measures which must be put into place to prevent this.

11

Entry requirements

Appropriate NVQ/SNVQ.
Appropriate industry registration scheme: e.g. GAS SAFE - ACS or OFTEC - 105E or equivalent.
At least two years industry experience of installation of domestic heating and hot water systems currently un-certified skills equivalent NVQ/SNVQ Level 3.
