About the course

September and January Starts Apply for more details.

The course is only available if learners do not have grade A,B,C or 4 and above.

The GCSE course focusses on providing the skills to enable you to build confidence in your ability to function mathematically in employment, daily life and progress onto further study in maths.⊠⊠Sessions will focus on foundation paper content and therefore provide the underpinning theory for a grade 4/5.⊠⊠Areas of maths covered by the course include number (including algebra), geometry, ratio, probability and statistics.⊠⊠ All courses are offered as a 3-hour lesson once a week for one academic year. Options are available in the day and evening.

1:1 tutorials will also be part of the course. During these individual meetings your tutor will discuss

progress and agree personal targets with you, to ensure both a successful completion of the qualification as well as meaningful academic or job progression.

Regular attendance to lessons as well as completion of homework are essential to ensure that you are ready for your external exams and gain your qualification by the end of the course at the latest. We monitor attendance closely.

Progression and career opportunities

GCSE maths is a nationally recognised qualification amongst employers and a grade 4 is often the minimum requirement for jobs.Students who complete this course successfully may wish to progress onto further study e.g. Access to HE courses or Degree courses.

Entry requirements

There are no formal entry requirements for these qualifications but prior to enrolment all applicants will be required to complete an initial assessment to determine their current skill level before enrolling on the course.The results of the initial assessment will be used to inform the level of qualification for which you will be entered.

Assessment

We want you to achieve to the very best of your ability at CRC. To make this happen we offer both learning and personal support by specialist staff tailored to meet your specific needs.

Your progress will be monitored via formative assessments during the course to enable you and your tutor to identify areas that require further skill development.

For GCSE you will be assessed through formative assessments during the course.There are two final examinations in June, which are graded 1-9.

Finance and Funding

Up To and Including Level 2 Funding

This course is fully funded, free, for learners who are aged 19 and above and earn below £25,000, or below £30,491 and live in the Cambridgeshire and Peterborough Combined Authority area.
