About the course

The Boundaryless skills and careers short course will explore the concept of protean career paths and how they differ from traditional career trajectories. Learners will develop an understanding of what a job is in the context of the growing 'open talent economy'. Develop a deeper understanding of boundaryless characteristics, allowing the learner to become more open to other career paths. Learners will develop a critical understanding of the benefits of self-management and how self-awareness plays a part in developing personal skills and abilities to increase chances of success. Understand the benefits of curiosity and how this can lead to new ideas, experiences, and career opportunities.

When you click 'Apply Now' you will be taken to an external site, you may be required to search for this

course using the navigation tools, once found you can 'Add course to basket' and 'continue to payment' to purchase and access this course.
