"The move away from fossil fuels to green energy sources such as wind and solar power has been underway for a number of years. However there is still a long way to go to reduce carbon emissions.

This course has been designed to explain what sustainable energy management is, ways to manage energy usage and energy conservation techniques that can help reduce carbon footprints. Learn how to set energy saving targets and how legislation and international agreements might have an impact."

"The benefits of completing this course include:
Courses are delivered via distance learning, allowing learners to choose when and where to study
Engaging and interactive activities

Study will develop learners' knowledge, skills and confidence to enhance their future work and life"

"Unit 1: Principles of sustainable energy management

The definition of the term 'sustainable energy management'
Legislation and international agreements relating to sustainable energy management
Energy conservation techniques
How renewable energy sources contribute to sustainable energy management
How to monitor energy saving
Ways of managing energy usage
How to set targets for energy saving"

About the course

The move away from fossil fuels to green energy sources such as wind and solar power has been underway for a number of years. However, there is still a long way to go to reduce carbon emissions.

This course has been designed to explain what sustainable energy management is, ways to manage energy usage and energy conservation techniques that can help reduce carbon footprints. Learn how to set energy saving targets and how legislation and international agreements might have an impact.

When you click 'Apply Now' you will be taken to an external site, you may be required to search for this course using the navigation tools, once found you can 'Add course to basket' and 'continue to payment' to purchase and access this course.

Progression and career opportunities

This CPD course supports in upskilling your knowledge of a specific topic or area and is a great addition to a CV.

On completion of this course you may wish to explore further CPD Courses or progress onto one of our funded online qualifications

Upon completion you will be able to download a copy of your certificate

Entry requirements

There are no entry requirements for this course, however in order to complete the course you should have a basic level of English and will need to be able have access to the internet.

Assessment

These auto-assessed courses are delivered wholly online, and you will receive a certificate upon completion.
