About the course

This programme has been designed to give you the essential skills and knowledge you need to successfully start your career within the Brickwork industry. With teaching and instruction from specialist staff you will gain knowledge and learn a wide variety of practical skills in the area of:

- Constructing block walling
- Constructing brick walling
- Preparing components and erecting cavity walling.
- Setting out for basic masonry structures
- Mixing construction materials
- Understanding construction related technical information and processes

Health and safety is of paramount importance in all areas of the construction industry, and this will be

reinforced throughout the course.Vocational core skills of English and Maths will be embedded in the programme along with specialist delivery to enable learners to reach GCSE grade 4 or equivalent standards to meet industry requirements. Skills you can gain include:

In addition to the specialist skills described above, we will help you to develop a range of wider skills that will make you into a well-rounded professional who will be highly valued by employers and universities.During tutorials we will develop your Employability skills, Personal Learning, Social and Community skills, together with your Specialist skills and qualification will give you a distinct advantage when it is time for you to progress to employment or further and higher education.
Skills you can gain include;

• C V writing
• Interview techniques
• Customer service
• Maths and English skills needed in day to day life
• Self-study and research
• Team working to complete projects

Progression and career opportunities
Successful completion of all elements of this study programme will allow you to progress in several different ways, including;

• Further full time training onto the L2 Diploma in Bricklaying
• Gaining employment within the Brickwork sector and undertaking an apprenticeship scheme to gain further qualifications and experience

Entry requirements
To access this course you will need GCSEs at grade 2 or above in Maths and English, general education and a keen interest in brickwork.

Assessment
Learning takes place through a variety of theory and practical lessons. Students will also need to carry out personal research to enable them to successfully complete the course and guidance on this will be given by the course tutors.

Your skills and knowledge will be continuously assessed throughout the course; additionally each unit will be assessed by end multiple choice examinations and practical tests.

Support will be provided through regular meetings with your course tutor.

Finance and Funding

Up To and Including Level 2 Funding

This course is fully funded, free, for learners who are aged 19 and above and earn below £25,000, or below £30,491 and live in the Cambridgeshire and Peterborough Combined Authority area.
